ABOUT

Recent computer science graduate with a strong foundation in Java programming, web development, and a passion for learning and contributing to innovative projects. Seeking an entry-level position as a Software developer to apply my skills and knowledge to real-world applications and further develop my expertise in development.

INTERNSHIP

Dextrasys Technologies PVT LMT | 6 - month

11/2022 – 04/2023 | Trichy, India

WEB DEVELOPMENT

- It was the first real time projects I have ever worked on. I developed a web pages using HTML, CSS , Bootstrap and JavaScript.
- Improved performance by 80% in responsively.
- These experiences have honed my problem-solving abilities and have given me a perspective on overcoming obstacles.

Esoft Solutions | 1- week

WEB DEVELOPMENT

- I have completed my internship in area of web development.

PROJECTS

BUS TICKET BOOKING

JAVA | MySQL

- Developed a comprehensive Bus Ticket Booking System using JAVA for backend logic and MySQL for database management.
- Designed and created a MySQL database scheme to store information about buses, routes , users and bookings , ensuring efficient data management and retrieval.

CRUD OPERATION

Core Java

- I developed a CRUD operation using collections in java for students can insert a details and they can select, update, delete a data.
